MEMORANDUM FOR THE RECORD

Morning Meeting of 16 May 1968

25X1

ADD/I noted that a preliminary assessment of the first bucket of the last KH-4 mission indicates new construction at the ABM development center and another group of ICBM SS-9 sites.

Godfrey provided additional information on the augmentation of the SAM installations in southern North Vietnam.

D/ONE drew attention to a request from the Chairman of the Joint Chiefs of Staff via General Carroll for a SNIE on the impact in South Vietnam and on the Paris negotiations of NVA/VC attacks on South Vietnamese cities. The Director asked the DDCI to obtain from General Carroll the background of this request before we determine our response to it.

Carver briefed on his meeting with the Rostow group yesterday.

Maury assured that Congressman Rarick has no ax to grind against the Agency.

ADD/S&T reported that a GIANT SCALE mission over Vietnam is scheduled for today.

ADD/S&T noted that the Soviet tracking ship is still under detention and that the Brazilians are now requesting a written apology from the Soviets.

DD/P reported that he will be seeing Ambassador Bohlen this afternoon on several matters.
